

FEDERAL GRAND JURY INDICTS OIL COMPANIES

Charge Violation Of Sherman Anti-Trust Laws

Madison, Wis., Aug. 3.—(P)—United States District Attorney John Boyle announced tonight that a federal grand jury had returned indictments against 23 major oil companies, three trade journal publishing companies and 58 individuals charging violation of the Sherman Anti-Trust act.

The indictments were the result of an extensive investigation by the special federal jury into a complaint of the National Oil Marketers Association that major companies were attempting to "squeeze" independent dealers out of business. Boyle said the names and identities of the defendants were being withheld until warrants are served.

The grand jury's report, made to Federal Judge Patrick T. Stone, was a partial one delivered to the court July 28 and not made public until today.

The jury meantime has recessed until August 19 when the investigation will be resumed. Boyle said the grand jury had returned another indictment against William A. Tracy, of Fort Worth, Tex. Boyle said manager of the Sinclair Refining company, charging perjury.

Boyle said the companies involved sell large quantities of gasoline in Michigan, Wisconsin, Indiana, Illinois, Minnesota, North and South Dakota, Iowa, Missouri and Kansas.

He said the true bill charges that sales were made in these states under long term supply contracts in which the price of gasoline to the jobber is determined by the average of the spot market prices as published in the Chicago Journal of Commerce and Platt's Oilgram.

It also alleges, he said, that by raising and fixing the spot market prices through a buying program, the major companies boosted prices which the jobbers were required to pay for gasoline under their contracts and thereby exacted large sums from the jobbers. Boyle said the grand jury found that the effect of the buying pool was to raise the retail price of gasoline to consumers.

Two of the Trade Journal publishing companies named in the indictment were the Chicago Journal of Commerce and Platt's Oilgram. Boyle said they were charged with having participated in and aided the alleged conspiracy by publishing the agreed pool prices as open market prices.

Representatives of 10 States Draw Up Drought Proposals

Suggest Illinois Seed Corn Be Purchased By Government

Chicago, Aug. 3.—(P)—Four recommendations pointing to relief of a "serious situation" in the provision of livestock feed through the winter were outlined today by representatives from the 10 states of the north central region for presentation to the federal drought committee.

The proposals were:

1. That, realizing the seriousness of the seed corn situation, Illinois seed corn be impounded by government purchase or loans to farms based on the market value of corn.
2. That the federal administration extend loans and grants to cover purchase of winter feed.
3. That the drought committee investigate the need of more poison mash to help farmers protect fall crops from grasshoppers.
4. That the drought committee give thorough consideration to the question of surplus hogs, in view of the short corn crop, and with particular emphasis on the Iowa situation.

The recommendation concerning seed corn was regarded as a reply to the earlier announcement of P. R. Wilcox, president of the Federal Surplus Commodities corporation, that corn had not been included in the seed grain purchase program. Wilcox said the seed purchase program would be on a smaller scale than in 1934 and would include only spring wheat, durum wheat, oats, barley and flax. He said a loan from the Commodities Credit Corporation was imminent.

The recommendations came after 25 representatives of state and federal agricultural departments in the 10 states had given detailed reports of the situation in individual states.

REGISTRATION RUSH EXPECTED
Chicago, Aug. 3.—(P)—City election authorities were ready tonight for a registration rush, expected to last through October 6, in which the names of some 1,750,000 voters will be permanently autographed on their records.

The occasion is the formal inauguration of the permanent registration plan, authorized by a special legislative session June 6 of the state general assembly, as the culmination of a long campaign by election reform protagonists.

Mr. and Mrs. Fred Mollenbrock of Sandusky street left yesterday morning by auto for Louisville, Kentucky.

Mary Astor Says Husband Knew of Kaufman Affair

Testifies She Told Thorpe She Was Living With The Dramatist

Los Angeles, Aug. 3.—(P)—Mary Astor, film actress, testified today she once told her divorced husband, Dr. Franklin Thorpe, she was aware of her relations with George Kaufman, dramatist, and condoned it.

"You know George Kaufman has nothing to do with this divorce. You've known about Kaufman since last fall. You've condoned it," Miss Astor testified she had told her former husband. The statement was in reply to a question of Joseph Anderson, counsel for Dr. Thorpe, if she ever had a discussion with her husband concerning a visit he paid to Kaufman in a Beverly Hills hotel.

The startling bit of testimony came shortly after Miss Astor, who is suing to get complete custody of her daughter, Marylyn, 4, testified any love she had for Kaufman did not motivate her in letting him set an uncontested divorce from her last year.

Court was adjourned at this point until next Monday.

The name of John Barrymore was brought into the case earlier this afternoon when Michael Narlan, attorney for Dr. Thorpe, said he could subpoena the screen actor as a witness.

"Her own statements make it necessary to let the whole thing come out now," Narlan said. "We will issue a subpoena for Barrymore."

George S. Kaufman, Broadway dramatist and movie writer, is under subpoena to appear as a witness in Miss Astor's suit for full custody of her and Dr. Thorpe's daughter, Marylyn, 4.

The trial will be continued for a week in order to allow Miss Astor to finish work on a motion picture. An attorney for her studio told the court 500 people would be out of work if production stopped now.

"I am thinking of these five hundred innocent bystanders," Judge Goodwin Knight said. "We will continue it for a week, resuming next Monday."

Landon Asks Help Of Business Men In Saving Stock

Urges Cooperation in Saving Valuable Herds in Drought Areas

Topeka, Kas., Aug. 3.—(P)—Kansas businessmen were urged by Gov. Alf M. Landon today "to work out practical plans" for cooperation with farmers in saving valuable livestock herds in drought areas.

In a radio talk, sandwiched in between political conferences and a discussion of farm problems with national grange officials, the governor said:

"We have always been a self-reliant people in Kansas. . . an acute feed shortage on a livestock farm demands prompt action. . . it is my hope and belief that it will not be necessary to sacrifice any large number of valuable breeding animals by sending them to market. . .

"I want to call the attention of the business men, of the local Chambers of Commerce and other civic organizations to the opportunity they now have to render a service, not only to their neighbors but to themselves.

"Livestock has always been regarded as the best farm collateral. . . if recovery is unimpeded there should be a good market and good prices for livestock next year. This is one of the strongest possible reasons for livestock men to hold on and for their communities to cooperate with them in holding on. . .

"All our other interests, which benefit so much from a prosperous agriculture, should do their part in preserving the very foundation of a prosperous agriculture."

Copeland Prepared To Reopen Inquiry

Headed Committee Investigating Air Crash

Suffern, N. Y., Aug. 3.—(P)—Senator Royal S. Copeland, chairman of the special Senate committee which investigated the air crash near Marion, Mo., in which Senator Bronson Cutting, of New Mexico, was killed, said today that he was prepared to reopen the matter if the commerce department insists on challenging the committee's findings.

Copeland said that Secretary of Commerce Roper had expressed a desire to offer rebuttal to the findings of the committee and that if this was done the entire matter would be gone into again.

"This is an open and shut case," he said. "The entire commerce department was resentful because we found them at fault. They would like to blame the air lines but the department itself was not on the job. It failed to insist on proper safety devices."

William Cleary was among those transacting business in the city yesterday from the Antioch neighborhood.

ICKES HITS AT ALF M. LANDON IN RADIO TALK

Compares Governor's Past And Present Statements

Washington, Aug. 3.—(P)—Drawing what he called "a deadly parallel" between present and past statements by Governor Alf M. Landon, Secretary Ickes tonight said it appeared that "Candidate Landon has gone A.W.O.L. from the war against poverty and want and the exploitation of the weak in which he enlisted in 1933."

The Roosevelt cabinet officer, in a radio address entitled "Governor Landon—practical progressive" in which he criticized such a designation spoke at length upon what he termed Landon's altered oil regulation views.

As presiding at an oil conference at the interior department here in 1933, Ickes said, Landon declared for "the iron hand of a dictator" unless the industry could solve its problem within 90 days. In his acceptance last month, Ickes added, the Kansas governor declared against governmental regulation of industry.

The interior secretary quoted Landon as praising "the courage with which President Roosevelt has attacked the depression," in his 1933 speech at the oil conference. He then quoted Landon as adding the following words to this statement:

"If there is any way in which a member of that species, thought by many to be extinct, a Republican governor of a middle western state, can aid him in the fight, I now enlist for the duration of the war."

The "laughter" indicated by the stenographer taking down Landon's speech at this time, Ickes added, is nothing compared with the laughter that goes up today when a deadly parallel between candidate Landon's (acceptance) speech at Topeka, Kan., the night of July 23, 1936, is drawn with the speech of Governor Landon in Washington in 1933.

Although devoting a major portion of his speech to statements touching on oil, Ickes criticized the Republican party and its platform, parts of Landon's record in Kansas, and said the Kansas had been "adopted" by William Randolph Hearst. In referring to Landon as a "practical progressive," Ickes said:

"So we have a platform that faces both ways upon which stands a candidate whom the west is asked to support because he is a progressive, while, at the same time, he is entirely satisfactory to Wall Street and the predatory interests because he is 'practical.'"

Primary Election In Kansas Today

National Affairs Eclipse Local in State

Topeka, Kas., Aug. 3.—(P)—Eclipsed by interest in national political affairs the mild primary election campaign in Gov. Alf M. Landon's home state moved through final stages tonight with lack of opposition determining many party candidates in advance of Tuesday's balloting.

Leaders of both parties were concerned with turning out a large Kansas vote for whatever psychological effect it might have.

Election officials said approximately 800,000 were eligible to vote. Republicans, lacking a governorship contest for the first time in years, had party races for 13 of the 19 state and congressional posts.

Republican interest centered in the senatorship contest where Senator Arthur Capper seeks a fourth term. His party opponents are Walter Net-barger, Tonganoxie editor, and H. L. Stout, Fort Scott business man.

Spirited races for governor and the senatorial post marked the Democratic campaign.

Spanish Battle Front Moves To North; France Threatens To Send Arms to Leftists

Death Penalty Is Asked in Trial of Charles Newberry

Eight Jurors are Selected To Hear Evidence in Cass Court

Virginia, Aug. 3.—State's Attorney Glenn Colburn today asked the death penalty for Charles Newberry in the opening of his trial for the alleged murder of Ethel Elmore in Ashland on the afternoon of April 20.

Colburn and attorneys for the defendant, Epier Mills of Virginia and Myron Mills of Jacksonville, examined 54 of the jury panel, selecting eight. Judge A. Clay Williams of Pittsfield ordered twenty more to report tomorrow morning, in addition to the 21 remaining from the first venire. It is expected that the jury will be selected in time to begin testimony of witnesses.

Members of the jury selected today are as follows: Cleve Holtman, Beardstown; Luther Warner, Chandlerville; Clayton Webster, Bluff Springs; Floyd Armstrong, Panther Creek; Floyd Reichert, Virginia; Carl Lebkuecher, Bluff Springs; Harold Brockschmidt, Beardstown; Frank Winner, Virginia. All of these are farmers, with the exception of Brockschmidt, employee of a Beardstown market.

Spanish Battle Front Moves To North; France Threatens To Send Arms to Leftists

Death Penalty Is Asked in Trial of Charles Newberry

Eight Jurors are Selected To Hear Evidence in Cass Court

Madrid, Aug. 3.—(P)—Loyalists and rebels tonight pushed the battle front of Spain's bloody civil war into the north, rebel troops withholding for the moment direct attack on Madrid.

The American embassy, warning that developments might make it impossible to provide security for American citizens here, urged them to leave Valencia while the railway still was open. Most of the 74 still using the embassy as a refuge elected, however, to remain.

Ten thousand troops from Pamplona reinforced Gen. Emilio Mola's rebel forces for the San Sebastian encounter. Mist and fog halted artillery fire for the day and limited action to brief guerrilla encounters.

The rebels claimed capture of Torrelodones, 12 miles from Madrid. Reports reaching Madrid said the town of Pina, in Zaragoza province was laid in ruins by government troops and most of its residents killed after a desperate two-day battle.

The reports charged those fleeing Pina with firing on loyalist Red Cross ambulances.

The Zaragoza city is considered a strategic point along the rebel line of advance from Aragon toward the capital. Two fresh columns of government militia left Barcelona for Caspe to tighten the network for a new advance on Zaragoza but insurgents were holding that city under heavy fire.

Another column took Sastago Pueblo in the same vicinity. According to government reports loyalist airplanes again bombed Palma, capital of Mallorca, in the Balearic Islands, causing heavy damage. They said loyal troops attacking Huesca, capital of the province of Huesca, shelled the city with artillery and that capture of rebel strongholds there was imminent.

From the northwest, reports said loyalist fliers bombed and destroyed a train leaving Medina on the railway line to Avila and then flew north.

The government asserted that it held complete authority in Madrid and that construction employees had returned to work. Officials declared no reports of military movements henceforth would be announced except those of definite leftist victories.

Paris, Aug. 3.—(P)—France tonight felt "free" to move war supplies into Spain if her proposed neutrality agreement with Great Britain and Italy is not accepted quickly.

France does not consider herself bound in any way to reject Spanish orders for munitions, officials said, but prefers to enter an agreement with other nations against furnishing either rebels or loyalists with any supplies.

Acceptance of the agreement, informed sources said, was expected tomorrow from Great Britain but there was no indication when the Italian government would reply. It was believed here, however, that a favorable reply from Rome would eventually be received.

Earlier, the French government had indicated a hope to augment the three-power pact, binding the great powers of the Mediterranean to keep out of Spain's war, to include Germany, Russia and other nations.

Party Campaigns Gathering Speed

Three States Holding Primaries Today

Washington, Aug. 3.—(P)—With the election only three months off, and primaries in a trio of states tomorrow setting the pace for many others this month, both Republican and Democratic campaigns today showed signs of speeding up.

At a two hour conference with his campaign aides at Hyde Park, President Roosevelt gave his approval to plans for what James A. Farley, national committee chairman, described as "an aggressive campaign" beginning immediately.

At the same time, Governor Alf M. Landon, of Kansas, the Republican nominee, was sandwiching a radio talk on the drought in between political conferences at Topeka and John D. Hamilton, the Republican chairman, took off from Chicago an aerial campaign tour of the west.

Primaries tomorrow in Kansas, Missouri and Virginia will top off a series of eleven this month, which party leaders believed might give a hint of the trend of the political tide.

Tennessee, Arkansas, Idaho, Wyoming, California, Mississippi, and South Carolina will hold primaries before August ends, and Texas voters will return to the voting booths to settle election contests in a run-off primary.

HUDSON PONIES TO GREENE COUNTY FAIR

The Shetland ponies of W. T. Hudson are showing at the Greene county fair this week after winning the blue ribbon in six classes at the Christian county fair at Taylorville last week.

Golden Flash was the leader and was undefeated there. Golden Rule and Orange Kid made up the Hudson stable, trained by Cye Young.

The ponies will be entered in the State Fair at Springfield and also in Jacksonville at the Morgan county fair.

TROUSERS, MONEY STOLEN
Fred Edwards, 605 East Lafayette avenue, reported to the police yesterday that a thief had entered his home sometime during Sunday night and stole his trousers and about four dollars in money.

Mrs. Melvin Johnson was in the city yesterday from Chapin.

MARTIAL LAW DECLARED IN IDAHO COUNTY

Several Woodsmen Hurt In Logging Strike

Orofino, Idaho, Aug. 3.—(P)—National Guardsmen moved into turbulent Clearwater county to establish martial law today after a bloody clash between striking logging pickets and a truckload of workers who were returning to jobs in defiance of the strike.

Gov. C. Ben Ross ordered military rule after five strikers were brought to the hospital here with bullet wounds and one of seven beaten woodsmen was hospitalized. The governor said he took the action at the request of Sheriff Joel Wilson and Assistant Prosecutor Samuel F. Swayne of Clearwater county.

Ninety Guardsmen under command of Col. F. C. Hummel of Boise were ordered into the area.

"Further bloodshed must be prevented," declared the governor. "I believe the men sent there will be able to restore order. If necessary, I will detail additional troops."

Governor Ross said Sheriff Wilson wired him. Large bodies of men have banded themselves together, and are flaunting the authority of the law," adding he "expects further violence from ambush, by reason of the high feeling existing in said strike areas."

County officers and state patrolmen, with the governor's personal representative, Capt. W. H. Abendroth, investigated all angles of the conflicting reports here and at Pierce, headquarters of the strike affecting an estimated 2,500 men.

Constable Admits Shooting Wife and Her Escort Sunday

Helps Officers Dive for Gun Thrown in Lake After Shooting

East St. Louis, Ill., Aug. 3.—Constable John Hamilton dived into Pittsburg Lake here today helping officers search for a revolver that police say he admitted using to kill his secret wife and her escort.

Night Chief Sam Strautz said Hamilton had admitted after he shot and killed his wife and Thomas Grissom, business agent for a teamsters and chauffeurs union, on a street corner early Sunday.

Hamilton told police, they said, he would repeat his confession before a coroner's jury tomorrow.

Officers recovered Hamilton's revolver and another he claimed he took from Grissom and threw in the lake after the shooting. Hamilton aided in the search until someone suggested he easily could drown himself while diving for the guns.

Strautz said Hamilton related that he shot six times at Grissom after the union agent pointed a revolver at him and pulled the trigger. The hammer fell on an empty chamber.

Hamilton said he had not intended to shoot his wife, but his her accidently when she ducked behind Grissom. Hamilton and his wife had been married two and a half years but she announced it to her family only last week. They never had lived together. Hamilton was quoted by Strautz as saying:

"I reported that we are prepared to conduct an aggressive campaign from now until November. We are not losing any time. We're ready to go."

Stephen T. Early, one of the Roosevelt secretaries, said the president had approved these arrangements.

Acting as spokesman for committee officials and other political advisers who met with the president for two hours in the seclusion of the library of his home here, Farley said campaign plans had not been discussed down to minor details, but only in a general way, and that there was no talk of when or to what extent the president personally would plunge into the drive.

For nearly an hour, Early said, the president talked over the drought situation with Secretary Wallace and Chester Davis, former AAA administrator, and as a result Mr. Roosevelt may advance the time for a projects of the drought in several states and the progress of steps under way to help farmers in the stricken area.

That would mean, Early said, that a swing through regions in Ohio, Pennsylvania, New York and Connecticut swept by floods last spring would be "somewhat postponed."

Bolton Execution Set for October 29

Judge Condemns System of Capital Punishment

Chicago, Aug. 3.—(P)—The second woman to be sentenced to the electric chair in Illinois was condemned today by a judge who also condemned the law which demanded her life.

"The life for a life philosophy is a relic of feudalism," declared Judge Robert C. O'Connell in setting October 29 for execution of Mrs. Mildred Mary Bolton, 46, confessed slayer of her brother husband, Joseph.

Although "capital punishment is repugnant to the court's reason and spirit of convictions," the judge said he had no choice in the matter since "the jury has willed the extreme punitive measure, death."

"It is the law of this state," he concluded, "that the only avenue of clemency open" was an appeal to the governor for a reprieve.

The judge set the date for Mrs. Bolton's execution after over-ruling motions for a new trial. If the sentence is carried out, she will be the first woman to die since Illinois began using the electric chair in 1927.

Mrs. Bolton received the sentence with the same stony calm which earned her the nickname, "Marble Mildred," from police after she killed her husband in his office on June 15.

AF of L Council Begins Trial of Lewis and Aides

Head of Mine Workers Absent; Greene's Hopes for Peace Dimming

Washington, Aug. 3.—(P)—Trial of the industrial faction of the American Federation of Labor on charges of "insurrection and rebellion" began today with William Green, federation president, expressing diminished hope for a peaceful settlement.

John L. Lewis, president of the United Mine Workers, and 11 other union leaders who contend that all the workers in each big industry should belong to one big union, failed to show up when the federation's executive council started the trial on charges preferred by John P. Frey, president of the metal trades department.

Green, spokesman for the faction which argues highly skilled workers should belong to the union of their craft no matter where they work, told reporters this failure to appear dimmed his hopes for peace.

Observers regarded two other developments as equally important:

(1) Such influential council members as William Hutcheson, president of the carpenters and Arthur Wharton, president of the machinists, were represented by close friends as favoring immediate suspension of the Lewis group.

(2) George M. Harrison, president of the railway clerks, notified Green he could not attend the council meeting because of the pressure of other duties. Harrison has been a chief exponent of delaying drastic discipline to give peace-makers further opportunity for negotiation.

Before the council, sitting as a trial committee, heard Frey enumerate his charges and demand suspension, Henry Ohi, Jr., president of the Wisconsin Federation of Labor, proposed a compromise.

He recommended that the charges against the Lewis group be dropped and that the A. F. of L. participate wholeheartedly and completely with the committee for industrial organization (headed by Lewis) in the organization drive to organize the steel industry and the rubber industry."

He also proposed that the industrial organization committee confine its efforts to those two industries, and that Green name a committee to study the controversy and report to the 1937 A. F. of L. convention.

The council questioned Ohi for an hour about this plan but took no action.

Roosevelt Gives OK On Plans for Democratic Drive

Time for President's Visit To Drought Areas May Be Advanced

Hyde Park, N. Y., Aug. 3.—(P)—The Democratic National Committee's official "OK" on arrangements to start immediately an "aggressive campaign" for his re-election.

After a two-hour round-table discussion of current political conditions, National Committee Chairman James A. Farley, told reporters:

"I reported that we are prepared to conduct an aggressive campaign from now until November. We are not losing any time. We're ready to go."

Stephen T. Early, one of the Roosevelt secretaries, said the president had approved these arrangements.

Acting as spokesman for committee officials and other political advisers who met with the president for two hours in the seclusion of the library of his home here, Farley said campaign plans had not been discussed down to minor details, but only in a general way, and that there was no talk of when or to what extent the president personally would plunge into the drive.

For nearly an hour, Early said, the president talked over the drought situation with Secretary Wallace and Chester Davis, former AAA administrator, and as a result Mr. Roosevelt may advance the time for a projects of the drought in several states and the progress of steps under way to help farmers in the stricken area.

That would mean, Early said, that a swing through regions in Ohio, Pennsylvania, New York and Connecticut swept by floods last spring would be "somewhat postponed."

FLAYS FATHER COUGHLIN

Waterville, Me., Aug. 3.—(P)—William A. Brady, veteran New York theatrical producer, in an address tonight before the Kiwanis club, said Rev. Charles E. Coughlin was "unfit even to black the shoes of the people he is criticizing."

Brady preceded his criticism of the Detroit priest with praise for the memory of James G. Blaine, Maine's only presidential candidate.

FIND BOY WITH MOTHER
Pekin, Ill., Aug. 3.—(P)—Mrs. Edith Lemone was held here without charge tonight, after he had been picked up near Paxton, Ill., with her 13-year old son, Alphonse.

The boy was reported missing from the home of Mrs. Dale Sheperdson at Tremont, where Tazewell county authorities had placed him after his mother was committed to a state hospital last January.

Scott Green was a local caller yesterday from Salem.

ILLINOIS CORN CROP CUT HALF BY DRY WEATHER

Reports Of Water Shortage On Farms Increase

Springfield, Ill., Aug. 3.—(P)—Surveying damage from the continuing drought, the weekly report of the state and federal agricultural departments today said the "condition of Illinois corn is extremely spotted and the state prospect is now rated at about half a crop."

In reporting "record-breaking damage" during July, agricultural statistician A. J. Surratt did not estimate the production expected from a half crop of corn.

The Biggest Waste

Last week one of the nation's leading magazines listed the greatest wastes that America has to contend with as follows:

Crime: \$12,000,000,000.
Waste: \$3,000,000,000.
The common cold: \$2,000,000,000.
Auto Accidents: \$1,600,000,000.
Occupational accidents: \$610,000,000.

Accidents in the home: \$590,000,000.
Public accidents: \$450,000,000.
Fire: \$248,763,856.
Hessian fly: \$150,000,000.
Cattle ticks: \$100,000,000.

These losses which the United States sustains every year nearly equal one half of our national income, the article pointed out. But omitted from the list was the largest waste which threatens this nation—unemployment.

Unemployment and the relief problem that always accompanies it loom almost as large today as they did in the grim dark days of 1932 when all industry was standing still.

Yet industry is not now standing still. Factories all over the country are behind schedule. The demand for commodities has increased and manufacturers have had to work overtime to fill the orders that keep piling up. Financial periodicals are filled with reports of improved business conditions and increased profits.

The government has literally spent billions of dollars in an effort to make jobs for the unemployed. Funds have been pumped without hesitation into such projects as PWA, WPA, CCC, CWA and a myriad of others.

Despite all this, millions of American men do not have jobs. The number of these jobless people has been variously estimated; the figures are unreliable, impossible of accurate calculation. While the precise roll of the unemployed cannot be called, yet it is admitted, even by the administration, that the situation is still very serious. Why this is the case when industry is going along at a good clip, when the government is pouring out the finances freely, is a problem that it not easy to answer although some politicians now claim to be possessed of the secret.

Unemployment is our greatest waste because it undermines our people in health, in morale and in mind. To it is attributed much crime, and it provides a breeding place for fanatical schemes of all kinds.

America has yet to find a way to reduce its biggest annual loss.

CCC Anniversary

Quietly and almost unnoticed, a year has slipped by since the founding of Camp Jacksonville, Civilian Conservation Corps, Soil Erosion Division.

Tonight the officers of the camp, the enrollees, and other interested persons will present a program in memory of the founding of the camp here.

The City of Jacksonville owes its congratulations to the officers of the camp for the manner in which they have conducted its affairs, and for the unobtrusiveness by which they have gone about their business. You may or may not believe in the worth of this work, but that has nothing to do with the local camp. The officers were detailed here, and here is the place they must make their home.

To the boys who are in the camp, the city also owes its congratulations. They have conducted themselves with honor and credit to the entire organization. There usually is some deviltry in a gathering of 200 boys from time to time, but the boys in the CCC camp have kept their deviltry to themselves, have asked nothing of the city, and have contributed their part to the musical and athletic programs when called upon to do so.

Jacksonville and surrounding country will have a chance tonight to pay its respects to the officers who have conducted the camp, and to the boys who make up the camp when the first anniversary celebration is held. The officers have arranged the official program, and the boys themselves have arranged for a free dance as their contribution to the program. Where such fine cooperation exists, there is enthusiasm, and there is nothing like enthusiasm to warm the heart.

Jacksonville Traffic

"I'd rather drive a week in Chicago traffic than an hour in the traffic around this town."

That was a remark made to the writer by a person who lives in Chicago, and who spent two weeks here. "I'm almost glad to go back to Chi-

cago, despite the fact that this is my home town. Don't the police ever do anything about it?"

Parked two and three deep around the square, automobiles present a serious handicap to traffic here on Saturday nights particularly. Jacksonville people, apparently, have become accustomed to the situation, and take their automobiles into the danger territory, fully aware of the pitfalls and dangers that lurk during the busiest time of the week. To a stranger, however, the square presents an appearance of a "mystic maze" with the additional challenge of "bet you can't get through without damaging at least a fender."

Not long ago a local citizen suggested that elevated parking spaces be built around the square, with ramps leading up to the platform. At the time the suggestion came out, it was considered a joke.

However, he apparently felt the desire of every automobile driver to park on the square, and merely sought a method by which this could be accomplished. It is no longer a joke, but almost a necessity. Unless the people who want to do business on the square learn to walk a few steps, something such as the above mentioned elevated parking space with elevators to take persons up and down will have to be devised. The problem is so great now that it is almost out of the hands of the police department. The city would need a police force the size of a company of militia to handle the deluge of automobiles that comes to the city every Saturday night.

Propaganda Antidote

It begins to look as if the country is in for the biggest propaganda barrage since the World War. Never have the combined forces of radio, press, pamphlet, and innuendo gotten off to a better start than in the current presidential campaign.

It, therefore, behooves the voter, says Dr. Clyde R. Miller of Columbia University, to look into a few of the tricks of the propagandist, lest he become helplessly entangled in a mesh of contentions.

The best way to deal with propaganda, says the professor, is to subject it to searching criticism and analysis. Ask yourself, "Who holds the opinion, who utters it, and why?" If the opinion stands up under this examination, you may depend upon it as being pretty solid for the critical process always strips propaganda of prejudice and emotion.

Which is something none of us ought to forget between now and November.

Behind The Scenes In Washington

Liberals Fretful in London Camp; Conservatives Chafe Under New Dealers' Banner

BY RODNEY DUTCHER
Journal and Courier Washington Correspondent

Washington. — Certain localized pains, vague or pronounced in accordance with the patient's individual constitution, are beginning to afflict some of the liberals who decided to support Governor Landon for election.

The pains, of course, are almost pleasant sensations in comparison with some of the agony which has caused certain 1932 conservative supporters of Roosevelt to go leaping over the imaginary fence which divides the political parties.

But they are very obvious to such newspaper correspondents as are accustomed to receive the unburdenings of souls inhabiting persons of diverse political hues.

Naturally enough, there is appearing in the Landon camp a division between liberals and conservatives which is more or less comparable to the constant battle which has gone on between conservatives and liberals in the New Deal.

The left-wingers of the Roosevelt army are relatively wild and woolly radicals when you compare them with the left-wingers among Landon's cohorts and the reactionaries behind Landon are more numerous and more reactionary than those supporting Roosevelt. But there are fringes which almost overlap in their social-economic belief.

Liberals Grumble

The grumbings come from those who tend to deplore the conservatism of the governor's acceptance speech, the conservative tendencies of his advisers, the marked extent to which Landon has reversed himself from previous endorsements of liberal New Deal measures, or policies, and the rather general reaction of labor leaders against the governor's remarks on labor.

It is quite reasonable to doubt whether this development will have any influence whatever on the outcome of the campaign. The liberal vote as such is rather a nebulous factor and, even so, presumably only a small portion of it is sufficiently footloose at this stage to be swung by political philosophy as unfolded in the campaign.

Perhaps it is even hazardous to say that if the big campaign issue were to be drawn between "Roosevelt and reaction" the voters would be sure to choose Roosevelt. They may very well be ripe for "reaction."

Injuries Fatal to Cass Co. Woman

Mrs. Delma Bangiolo Succumbs in Chicago Hospital After Treatment

Chandlerville.—Mrs. Delma Bangiolo of Murphysboro, formerly of this city, died yesterday in a Chicago hospital from injuries suffered when she was struck by an automobile while crossing a street in Murphysboro. May 15. She suffered skull fracture and delivered as it was with the speech as first reported.

This may not be proved, but it will be charged. It is reported that the Landon brain trust at Topeka wasn't nearly as pleased with the speech as delivered as it was with the speech as first reported.

Visits of Wall Street bank representatives, Chairman John Hamilton's attack on John L. Lewis, and the Liberty League characteristics of Col. Knox's speech also annoy the Landon liberals. They recall that Landon was once promising that "racketeers like Insull, Morgan, and Van Sweringen" should be driven from industry and finance by public scorn and the government's strong arm.

They doubt whether it does Landon any good to be repudiating previous kind words about Roosevelt and the New Deal.

New Dealers Perk Up
New Dealers, meanwhile, seem to think that Landon and Hamilton are doing themselves much more harm than good—especially with remarks that have antagonized organized labor and Landon's subsequent explanations.

It is easy to see the Democrats' confidence pick up. But if the next polls show an increase of Landon sentiment, they will be thrown into funk and panic.

The Landon liberals will doubtless learn to put up with a lot, just as the Roosevelt liberals have.

The latter are forced to sleep with the fact that the New Deal, with all its pretensions of sweetness and light, is depending vitally for November success on such notorious political machines as those of Tammany in New York, Guffey in Pennsylvania, Pendergast in Missouri, Hague in New Jersey, Curley in Massachusetts, Huey Long's heirs in Louisiana, and so on.

And the list of business men supporting the Roosevelt regime for selfish reasons is no small one, even though they didn't manage to tone down his acceptance speech.

THOMAS VANITER IS INTERRED SUNDAY AT JORDAN CEMETERY

Resettlement Group Loans \$10,685 Upon County Properties

Thirteen Pieces Given Loans Up to June 18, Report Yesterday Says

Thirteen Morgan county properties have been given loans amounting to a total of \$10,685, according to a report issued by the Resettlement Administration. Loaning Agency, yesterday. The report is dated as of June 18. The administration announced it had made 2,747 loans and 5,103 grants totaling \$1,916,231.27 in Illinois.

The loans, totaling \$1,615,354.19, although fewer in number, were far in excess of the grants in amount. Vermillion county farmers led the state in the number of loans, obtaining 236 with a total face value of \$140,403. Tipton, with 176 loans totaling \$43,064.40, was second.

Loans were made in all counties of the state. Alexander, Calhoun, and Woodford, each with one, were low.

Loans made in other counties included: Shelby, 117 at \$72,018.08; Fulton, 111 at

CCC Worker Fined In Jersey County

Jerseyville.—Joe Walker, member of the CCC Camp at Carlinville, was arrested in Jerseyville Friday evening

on a charge of reckless driving as defined by the city ordinance.

Walker was picked up by Chief of Police Ray Shortal and state patrol officer Melvin Leach on West Pearl street, where it was charged the defendant drove a car at sixty miles per hour in a zone permitting twenty-five miles.

Walker entered a plea of guilty before Justice A. Thatcher to the charge and was fined fifty dollars and costs.

Water Supply Good

The Jerseyville water supply is holding out in good fashion. Approximately from 165,000 to 185,000 gallons of water are being pumped daily but there is apparently no necessity at present for placing any curtailment on local water use.

About twenty farmers are hauling water from the Jerseyville mains for their livestock and this number will unquestionably increase during the next week if the drought remains unbroken.

To Release Beaver

So successful has the experiment with wild turkey proven this year in Jersey county, the Department of Conservation will release a small colony of beavers here the last of August.

The beavers will be on exhibition during the state fair at Springfield in the exhibit of the department, and after that event the animals will be

brought here and released in selected localities.

Plenty of soft wood such as willow, poplar and cotton wood is essential to the life of the animals as well as small streams that never fail. Wood and water are both available in the acreage now under lease in northern Richwood Township, and it is possible the animals will be released there.

Nurse Dies

Miss Eva May Hembrow, a registered nurse, died at the home of her sister, Mrs. Alvin Gentry, in Jennings, Mo., at eight forty o'clock Friday evening, July 31st. For the past year, she had been in failing health but had been confined to her bed for only a few days prior to her demise.

The deceased is the daughter of the late Henry and Mrs. Hannah Yard Hembrow of Jerseyville. She was born here, December 5th, 1887, and at the time of her death was forty-eight years, seven months and twenty-six days of age.

In addition to her mother, she is survived by three sisters, Miss Etta Hembrow of Jerseyville; Mrs. Fred Easley of Granite City, and Mrs. Alvin Gentry of St. Louis; three brothers, Edward of Jerseyville; William of Kemper and Charles of Medora.

Jersey Band Engaged

The Jerseyville Municipal Band will be kept busy during the coming week with engagements in three places. On Wednesday the band will play afternoon and evening engagements at the Medora Barbecue. On Thursday the band will go to Elsberry, Mo., for a three day engagement at the annual homecoming in that place. Thursday night the band will return to Jerseyville to play an evening concert at the annual Jersey County Farm and Home Bureau picnic, returning to the Elsberry job the following morning.

New White Bread Announced Today

**Peerless Co. Gets Franchise
for Butereg Loaf**

The cows and chickens have been being baked by the Peerless Bread called in to help produce a new and

entirely different kind of bread now company, according to Robert J. Kaufman, Manager of this concern. This new kind of bread, which is being introduced to Jacksonville housewives today by grocers—is made with pure butter, eggs and milk, added to the regular ingredients of wholesome bread. It is called Butereg Bread.

"Butereg Bread has two important advantages over ordinary wholesome bread," says Mr. Kaufman. "One of these advantages is its flavor! In Butereg Bread the appetizing flavors of butter, eggs and milk are combined with the delicious wheat taste of wholesome bread. The other advantage is nutrition! The rich food elements in the butter, eggs and milk are added to those of regular bread, giving this bread greater nutritive value."

In producing Butereg Bread, the butter, eggs and milk are added to the regular bread ingredients according to an exclusive formula. The Peerless Bread Company has acquired a franchise from the Butereg Company for baking this bread for the Jacksonville market.

C. E. Long, vice-president of the Butereg Company, is here to assist Mr. Kaufman in introducing this new bread here. Mr. Long stated that, while Butereg Bread is new to Jacksonville, it has been baked and sold in more than two hundred cities and towns in the United States during the past three years.

Roodhouse.—Miss Sara Louise (Sue) Anthony of Roodhouse was united in marriage with Howard Edward Ashlock of St. Louis at 3 p. m. Sunday, July 19. The single ring ceremony was performed by Rev. Tatman of Manchester at the home of Herb Moore near Jerseyville and they were attended by Mr. and Mrs. Russell Lakin of Woodriver.

The bride is the daughter of Mrs. Julia Anthony of this city and graduated from the Roodhouse High school with the class of 1935. The bridegroom is a son of Blaine and Berntha Ashlock of St. Louis. He is an interior decorator by trade and has employment in Alton, Ill.

They will reside at the Gillis Apartments at 242 Ninth street in Woodriver, Ill.

RETURN FROM WESTERN TRIP

Mrs. Carl E. Robinson and Mrs. A. H. Doller returned Saturday from a ten days trip through Yellowstone Park. They experienced a delightful time, traveling in air conditioned trains. There was rain every day in that climate making it very pleasant, followed by cool weather. Lack of moisture in the west was apparent in most of the states visited.

On the return trip Mrs. Robinson and Mrs. Doller made stops in Salt Lake City, Denver and Colorado Springs.

Kathryn Sullivan Dies Suddenly at Home Sunday A.M.

**Cerebral Hemorrhage Causes
Death of Well Known
Local Woman**

Miss Kathryn Sullivan passed away Sunday morning at her home, 280 Sandusky street. Miss Sullivan had been as well as usual till about two hours preceding her death when she suffered a cerebral hemorrhage from which she never regained consciousness. Her death comes as a shock to her friends and relatives.

The deceased was born Dec. 6, 1893, the daughter of Martin and Mary Griffin Sullivan. She was educated in the local parochial school and graduated from Routh High school in 1911. She spent one year at Illinois Normal University at Bloomington and later studied at Brown's Business College in this city. For the past year and a half she was the stenographer for the Jacksonville Bus Lines and previous to that time had spent sixteen years with the American Bankers Insurance Co. here.

She is survived by her mother, Mrs. Martin Sullivan; two sisters, Miss Clara Sullivan and Mrs. Mary Standley; a nephew, Joseph Standley, and three nieces, Mary Catherine, Grace, and Brenda Standley. Her father, Martin Sullivan, brother John, and sister Evelyn preceded her in death.

In the passing of Miss Sullivan her family and friends have suffered an irreparable loss for she was a character of rare charity and unselfishness. She was a devoted daughter, sister, and friend, uniting in her acts of kindness and service.

Funeral services will be held at 9 a. m. Wednesday at the Church of Our Saviour, of which she was a faithful member. The family requests that friends omit flowers.

LARGELY ATTENDED FUNERAL SERVICES FOR WILLIAM BOURN

Largely attended funeral services for the late William Bourn were held Sunday afternoon at the Williamson Funeral Home, in charge of the Rev. George L. Hayes. Interment was in the Ebenezer cemetery.

The seven sons of the deceased served as active bearers. They were Arthur C. W. Earl, Carl E. L. Vinton, Walter L. Leo C., and John R. Bourn. Granddaughters of the deceased, Mardelle, Ruth, Juanita, Margie, Aileen, and Esther Bourn, and Alice Koehler, were in charge of the flowers.

Helen Warlick and Leland Bourn, accompanied by Mrs. J. R. Warlick, provided the music.

SAYLORS ARE GUESTS AT FAREWELL PARTY

Mr. and Mrs. Russell Saylor were guests Thursday evening at a farewell party held at Nichols Park. Mr. and Mrs. Saylor will leave soon for Morton, Ill., where they will make their home. Mr. Saylor is employed by the local telephone company.

Prizes for victories in games were awarded to Jim Dvorak, and Mrs. Lucille Burrus. The group spent the evening in dancing, and each person present presented the departing couple with a handkerchief.

Persons present were Mr. and Mrs. John Chapman, Mr. and Mrs. Virgil Gibbs, Mr. and Mrs. Charles Fulton, Mr. and Mrs. Paul Knox, Mr. and Mrs. Jim Dvorak, Mr. and Mrs. Everette Hankla, Mr. and Mrs. James Koehler, Mr. and Mrs. Carl Burrus, Mr. and Mrs. Russell Saylor, Floyd McGee, Miss Jeanette Feather, Clarence Smith and Miss Louise Lair.

Fifth Annual Nash Reunion is Held

Roodhouse Community Park is Scene of Gathering of 96 Persons

White Hall.—The fifth annual reunion of the Nash family was held Sunday, Aug. 2, 1936, in the Roodhouse Community park with ninety-six persons present. These were the descendants of William H. Nash and his wife, Catherine Crayne Nash, who came from Kentucky and settled in the High Street neighborhood, six miles south

and west of White Hall, in 1832. Mr. Nash was a Virginian, but his wife was Pennsylvania Dutch. Mr. Nash was born in 1808 and died in 1872 and is buried in the High Street cemetery. His wife was born in 1801 and died in 1890, and she, too, is buried in the High Street cemetery. All of their children have passed away and it is the second, third, fourth, and fifth generations who now meet once a year to carry on the family traditions. Mr. and Mrs. William Nash were the parents of eight children, all of whom lived to maturity and raised large families.

A basket dinner was served in the Roodhouse park Sunday, with Albert and George Nash as the committee on arrangements, and Claude V. Nash of Greenfield and Myron Heberling were voted in to make arrangements for next year at the same place on the first Sunday in August, as usual.

Mrs. Bertha Nash was the oldest person of the family present and Elwyn Eugene Perdun of Jerseyville was the youngest. He was only two weeks old. Those present included Daisy Nash, Eldred; Mr. and Mrs. Albert C. Nash and daughter Lucille, White Hall; Mrs. Nora Brown, Deming, N. M.; Mrs.

Georgia Kimball, Los Angeles, Calif.; Mr. and Mrs. Howard Nash, Helen, Betty, Howard Jr., Donald, and Ralph, of Alton; Mr. and Mrs. Bert Campbell, Springfield; Mr. and Mrs. C. A. Picture Accuses Dr. Thorpe

In an effort to support charges that Dr. Franklin Thorpe, shown left below in Los Angeles courtroom, often entertained women in his home, the top picture was offered in evidence in the child custody-divorce suit of Mary Astor, film star, against Thorpe. Miss Astor's lawyers declared the photo was that of the doctor embracing Norma Taylor, blond dancer. Miss Taylor indignantly denied she ever breakfasted in bed with Thorpe, as plaintiff's counsel alleged. She said she visited the Thorpe home only as an appendicitis patient. At right below is Nurse Nellie Richardson, who gave testimony damaging to Thorpe concerning women's visits.

Mrs. J. T. Chumley Called by Death

Local Woman Passes Away After Illness Caused by Heat Prostration

Cynthia Ann Chumley passed away at her home, 623 North East street at 8:52 p. m. Sunday after a 19 day illness caused from heat prostration and complications.

She was born Dec. 19, 1859 in Comedon county, Missouri, daughter of W. L. and Nancy Drake. Most of her early life was spent in Arkansas. She was united in marriage with J. T. Chumley, Dec. 22, 1882 at Beebe, Ark. Mr. Chumley preceded her in death Oct. 22, 1928.

Seven children were born to this union: Mary Myrtle and Irvin Vain deceased, and surviving her are S. G. Chumley of Waterloo, Ill.; Mrs. Edwin Johnston, Pittsfield, Ill.; Mrs. O. G. Calender and T. C. Chumley of this city. Mrs. Edward Smart of Greysburg, Wyo. One sister, Mrs. Wm. Farrington and one brother, Harry L. Drake of this city, eleven grandchildren and four great grandchildren also survive.

Soon after their marriage Mr. and Mrs. Chumley moved to Milton, Ill., where they reared their family, moving to Jacksonville seventeen years ago.

Brief funeral services will be held at the home at 1:00 p. m. today. From there the remains will be taken to Milton, Ill., where further services will be held at the Christian church with interment in French cemetery. Rev. Kent Sanderson officiating.

Grace Church Doings

Dr. C. F. Baker, so well and favorably known in Jacksonville, was the guest preacher at the morning service. He presented a very practical message that was very helpful. Mrs. Guy Husted was the soloist.

It was Missionary day in the Sunday School, the offering was \$7.56 and the attendance 190.

The Young People's union service was held on the Academy lawn at 6:30. Rev. J. R. Warlick was the speaker at the union service on the lawn of Grace church at 7:30.

The Woman's Foreign Missionary society will meet this afternoon with Mrs. H. F. Kellar, 854 West College avenue.

Mrs. W. H. Cocking will be the leader of the mid-week prayer service on Wednesday evening. This service is held down stairs where it is comfortable.

Next Sunday Rev. Wm. Swartzwelder of Lincoln, Neb., will deliver the sermon at the morning service.

ENTERTAINS AT DINNER

Mr. and Mrs. Lawrence Crawford entertained at dinner Sunday evening Mr. and Mrs. Robert Sheeley and daughter Eunice of Alton and Mr. Russell Dunlap and Miss Margaret Gregory of this city. Messrs. Crawford, Sheeley and Dunlap are classmates in the School of Architecture at the University of Illinois.

MARY-MARTHA CIRCLE AT CHAPIN IN MEET

Chapin.—Mrs. Albert Nienhiser and Mrs. Arthur Nergenah entertained the Mary-Martha Circle of the Chapin Lutheran church Thursday afternoon at the church basement.

Nineteen members answered roll call. Miss Henrietta Hurrebrink of Taylorville and Miss Ada Wholers, Chapin, were guests.

After the business session hospital dressings were folded.

The social hour was spent playing progressive bunco with five tables at play. Mrs. Olga Werries won high score and Miss Hurrebrink low score. Dainty refreshments were served. The next meeting will be Aug. 27.

Those present were as follows: Leta Schroeder, Millie Werries, Helen Schone, Mayne Detmer, Olga Werries, Carrie Boeth, Virginia Werries, Clara Nienhiser, Laura Schumacher, Ada Wholers, Bernice Nergenah, Henrietta Hurrebrink, Johanna Aufdenkamp, Bessie Nergenah, Anna Uhken, Lena Sieving, Evelyn Weber, Oriene Aufdenkamp, Flora Nienhiser, Esther Nienhiser, Ada Schumacher, and Master Martie Werries.

FORMER SCHOOL NURSE HERE
Miss Maude Ryman, who was formerly the school nurse in this city, is visiting this week with some of her friends here. Miss Ryman is now serving as a health official in the Freeport, Ill., schools. She is spending her summer vacation with her aunt, Mrs. J. C. Chittick, on her farm near Virginia.

WARNING!

INSIST ON SILVERTOWNS IF YOU WANT GOLDEN PLY BLOW-OUT PROTECTION

HEAT CAUSES BLOW-OUTS. PREVENT THOSE BLOW-OUTS WITH THIS HEAT-RESISTING GOLDEN PLY

FREE! A million more motorists pledged to safe driving in the Goodrich goal for 1936. Prove that you want accidents prevented. Join the Silvertown Safety League and receive—free—a handsome emblem with red crystal reflector to protect you if your tail light fails. Come in today.

Woman Drivers: "All I remember, Officer, is hearing a BANG! Then the car ran crazy. I guess I'm lucky it wasn't more serious."

Officers: "I'll say you are. Do you know that thousands are killed or injured in blow-out accidents every year?"

Riding on unsafe tires is a gamble no motorist can afford to take. Your brakes and your steering gear may be in perfect shape—but could they hold you on the road if a whirling tire suddenly blew out? The law of averages is all against you, unless you're properly protected.

At today's high speeds the tire gets blistering hot inside. Rubber and fabric separate. A blister forms and grows bigger and BIGGER until—sooner or later—BANG! A blow-

out—that might have been prevented if your car had been equipped with Goodrich Silvertowns.

Silvertowns have something no other tire in the world has—the Life-Saver Golden Ply, a layer of special rubber and full-floating cords, scientifically treated to resist internal tire heat. By resisting this heat the Golden Ply keeps rubber and fabric from separating—keeps blisters from forming. And when you prevent the blister, you prevent the high-speed blow-out. Play safe. Have your Goodrich dealer equip your car with a set of Golden Ply Silvertowns. Remember, they cost not a penny more than other standard tires!

Program Will Be Given by
Professional, Amateur
Entertainers

Arrangements are complete for the first anniversary program to be held Tuesday evening, Aug. 4, 1936 celebrating the establishing of Camp Jacksonville C.C.C. Camp No. 2678 in Jacksonville just one year ago. The celebration is being sponsored by the camp personnel, assisted by the YMCA, Morgan County WPA Recreation project and the Jacksonville Chamber of Commerce.

The anniversary program begins at 5 o'clock with a banquet in the mess

hall for the camp personnel. A free program to which the public is cordially invited begins at 6:30 o'clock with the retreat ceremonies. Following retreat, the camp will be opened for public inspection.

As this is the first time the general public has had the opportunity to visit Camp Jacksonville this year, the officers and enrollees are anticipating a fine response from the citizens of the community. Competent guides will be available and there is plenty of parking space for cars.

The free entertainment at 7:30 o'clock will be given by professional vaudeville performers, augmented by local entertainers. The complete program for the evening's activities is as follows:

5:00 P.M.—Anniversary banquet for members of company.

6:30 P.M.—Retreat formation, followed by public inspection of camp.

7:30 P.M.—Musical program and entertainment.

9:00 P.M.—Dancing—Goes orchestra.

Joe Doyle Beats Off Ketner's Rally to Win Park Golf Title

Owens And Metcalfe Finish One-Two In 100 Meter Run; H. Stephens Breaks Record

Berlin, Aug. 3.—(AP)—American speed ruled the Olympic straight-away today with a succession of smashing triumphs down a rain-drenched stretch before the third straight carry-off crowd of 100,000 spectators.

Officials of the International Amateur Athletic Federation ruled out Jess Owens' world record-breaking performance of 10.2 seconds made yesterday, deciding there was too much of a favoring wind, but they couldn't keep the brown buckeye bullet from capturing the 100-meter crown.

Owens achieved the first objective in his bid for three Olympic titles—he resumes work in the 200-meter run and the broad jump tomorrow—by beating Ralph Metcalfe, Chicago Negro, by a meter (39.37 inches) in world and Olympic standard-equaling time of 10.3 seconds with Frank Wykoff, Carpenteria, Calif. Three-time Olympian, fourth among the six finalists.

WOODLAND INN TONITE
Fried Chicken, Burgoo. Norvell's Orch. Dancing free.

The Negro pair, keen rivals for the last two years on American cinder-paths, shared speed honors with the 19-year-old Fulton, Mo. filer, Helen Stephens, who twice shattered the listed world 100-meter record of 11.8 seconds.

She stepped the distance over a heavy track in 11.4 seconds in her first trial and then captured her semi-final test in 11.5, thus decisively breaking Stella Walsh's world standard and spread-eagling her opponents just as decisively as Owens.

Miss Stephens' record, made with a medium following wind, will stand overnight pending a possible recount as in the case of Owens by the ruling solons of the I. A. A. F. in their regular morning post-mortem session.

The United States increased its point-scoring margin despite the German challenge concentrated in the weight events in which Teutons won the first two places in record-shattering hammer throw competition.

Completion of five men's events—high jump, shot put, hammer throw, 10,000 meters and 100-meters—in the first two days found the Americans

amassing 46 points, thirty of which were gained by Negroes. The Germans showed 314 points, slating Finland by a point.

Meanwhile the United States was fortified strongly for tomorrow's features, not only by Miss Stephens' dominance among the women sprinters, but by qualifying all three entries in both the 400-meter low hurdles and the 800-meter flat race.

**FAN BREEZES**
By Ernest Savage

Joe Doyle, whose golfing ability brought him the Little 19 medal play championship, demonstrated here Sunday that he is just as good at match play.

Joe has the reputation of being as cool as ice under fire. Stiff competition doesn't rattle him, and his Irish good humor pops up quite frequently during the most gruelling moments.

The fact that he got one tough break then lost a couple holes, and came back to win shows the type of fighting blood that runs in his veins.

His brother John, however, probably expressed the type of scrap that runs in the family, when he and his brother Joe and Jerry Kealey, of Springfield, were after the Little 19 title at Bloomington.

The boys, all three of them of the Catholic faith, watched one of the Bloomington fathers encourage three boys from St. Viator just before the tournament began. The Bloomington father closed with a remark about showing some of the "Fighting Irish" spirit.

John cautiously turned to whisper to M. M. Barlow, the team coach: "Shucks, we're the Fighting Irish."

Frank Smith's Indies, under the direction of Bruno Bierman, have made a great comeback. The team thus far has won nine out of its last ten games. Bierman, playing captain, has given the team the balance it needed to become a hustling ball club.

You can take it from us, or ask Bierman himself, but he does not want much more of this softball business. After getting four hits in six trips against Mercedosa Sunday afternoon, in a baseball game, Bierman struck out four times while playing softball.

The 35 foot pitcher's box moved up to Jacksonville for Sunday night's games. Moguls in charge of the sport down around St. Louis and Alton, moved the pitcher's box closer to the home plate in order to make the pitchers more effective. Now a good long armed pitcher almost seems to lay the ball in the catcher's glove.

The change has brought about the desired result however. It has cut out a lot of the scoring and comparatively close games are the result.

According to a report of John Duffner's talk to the WPA Recreational baseball players the other day, he figures that a pitcher is about 50 percent of the ball team's defense. We've often wondered about that very point.

Duffner, who captained the University of Illinois baseball team last year, probably picked up his estimate of the value of a pitcher somewhere in the coaching school or from Willie Roettger, the baseball coach. It may come in handy when some of the pitcher's begin holding out for more money next spring.

Local anglers are still looking for a place where the fish are biting. We did hear a tale the other day about a girl who received a shipment of wall-eyed pike from her boy friend, who is vacationing in Minnesota. The gift was appreciated, but the hour that the expressman picked to deliver it was not.

Some enterprising owners of beaches are taking advantage of the low water stage at present to clean their swimming beaches, while others are allowing the low water to expose their pools as "accident" traps. We saw a couple beaches the other day, which, when the water is high enough, would have presented little but a place in which to cut feet. Broken bottles, tin cans, and open clam shells presented the greatest hazards.

Hudson's Hit Gives Indies Win Sunday

Drives in Winning Run in Ninth with Two Down; Keep Up Record

Mercedosa — "Pop-Eye" Hudson's spinach cutting single in the ninth inning with two down, scoring one run, gave the Smith Indies their 9th victory in their last ten starts, a series title and a game victory over the Mercedosa Orioles here Sunday afternoon by an 8 to 7 score.

Hudson's blow came with Eddie Reay, who got five hits out of six trips to the plate including two doubles, and Bruno Bierman on base. Bierman collected four out of six hits.

Frank Smith, Jr., fanned nine of the Orioles but gave up 12 hits, while Weber allowed 16 hits, and struck out six.

Tigers Win from Cleveland, 9-4

Put Down Indians in Only Major League Game

Detroit, Aug. 3.—(AP)—Detroit turned back Cleveland to 9 to 4 in the only major league game played today to shove the Indians ten full games behind the pace-setting New York Yankees.

Nine thousand fans turned out to see Schoolboy Rowe hang up his 13th victory of the season. Although nipped for 12 hits, two of them home runs by Bill Knickerbocker and Roy Weatherly, the Schoolboy twirled steadily except in the second and seventh innings when the Indians got next to him for six of their hits.

Mel Harder, aiming for his 14th win, started for the Tribe. He was ineffective and was removed for a pinch hitter in the seventh after yielding 11 hits and eight runs. Bob Feller pitched the seventh and eighth and gave up two hits and one run.

Cleveland went into the lead in the second by scoring twice, once on Knickerbocker's circuit clout, but relinquished the advantage in the third when the Tigers batted nine men around to score four times.

American Soccer Team Loses 1-0

Italians Force Referee To Leave Rough Player In Game

Berlin, Aug. 3.—(AP)—America's Olympic soccer team literally went down fighting today in losing a 1-0 decision before a crowd of 7,000 including the Italian crown prince, Umberto.

Two Americans, George Nemcheck of Trenton, N. J., and Bill Fiedler of Philadelphia, were injured during a bruising game in which the German referee, Weingaertner, frequently was forced to warn the Italians for rough tactics.

The climax of the bitter struggle was reached early in the second half when Nemcheck was kicked in the stomach by one of the Italians. A few minutes later, after the Italians had scored the lone goal of the game, Fiedler suffered torn ligaments in his knee when pushed roughly by Piccini of the rival team.

Weingaertner "put the thumb" on the Italian, ordering him from the game. Three times he tried to get Piccini to leave but finally gave up. A half dozen Italian players swarmed over the referee, pinning his hands to his sides and clamping hands over his mouth. The game was formally finished with Piccini still in the lineup.

The crowd jeered the Italians and cheered the Americans most of the way.

PACIFIC CUBS LOSE TO ROODHOUSE TEAM

Sheppards, of Roodhouse, handed the Pacific Cubs of this city a 4 to 2 defeat Sunday afternoon at the Carrollton recreational park. Sitton, Roodhouse pitcher, allowed the local team only four hits and cracked out a home run for the Roodhouse team.

Nesbit, Cubs tosser, gave six hits. Pollard caught for Roodhouse, and Faulkner worked for the local team.

Youngster Takes One Up Lead in Last Nine Holes But Loses 36 Hole Titular Match 2-1

Joe Doyle, the champion of the Illinois Intercollegiate Conference golfers, added the Nichols Park golf championship to his list of victories Sunday when he fought off a superlative rally by Albyn Ketner, in the last nine holes to win the crown with a two up one to play score, to win a chance at the city championship in a match with the Country Club champion to be played later.

Going into the last nine with a two up lead, Doyle saw the Nichols Park caddy blast away his margin with a deuce on the first hole and a three on the next, and then take the lead with a three on the third hole. Doyle plunged back into the same kind of golf that brought him a 33 on the second morning round, punching out a three on the fourth hole and a four on the fifth hole to regain a lead.

The match wasn't decided until the two lads reached the 35th hole. There Ketner missed a shot, and Doyle went inside to win the hole and the match with a par four. They played out the last hole, but despite the fact that Ketner won it with a three, the hole did not count in the scoring.

Doyle and Ketner each shot 36's over the first nine and finished all even. Ketner took the first hole of the match, then Doyle won the third, fourth and seventh. Ketner grabbed the last two holes of the first nine to even up the score.

Doyle turned on his best golf in the second nine, cracking out a 33 against Ketner's 36 to gain a three up margin for the first time. Doyle won the first, but Ketner won the second to stay on even terms. Doyle won the third, and then dropped in a deuce on fourth hole to take a two up lead. Ketner won the sixth hole, but Doyle took the eighth and ninth with pars.

Doyle took his longest lead at the outset of the afternoon round, winning the first two holes to take a five up lead. Ketner cut into it quickly, shooting threes on the third and fourth holes and then winning the long sixth after Doyle protested a decision on a shot which lodged close to the fence.

John Lair won the consolation round of the championship flight with a 6 up 5 victory over Paul Mitchell, but he had a battle all the way. Mitchell kept Lair on the run in the morning, but his game didn't hold up in the afternoon, when Lair piled up a large part of his winning holes. Lair shot a 39 and a 35 for his morning round, while Mitchell marked up a 41 and a 36 against him.

Sid Armstrong won the second flight title for the second year in a row when he defeated F. P. Fawcner 5 up 4 to play. Armstrong outshot his rival in all of the rounds. He turned in a 40 against Fawcner's 45 over the first nine, shot a 42 against Fawcner's 43 in the second nine, and marked up a 45 against his rival's 46 in the first round after lunch.

A large gallery followed the championship match both through the morning and afternoon rounds.

CITY SOFTBALL TEAMS TASTE DEFEAT SUNDAY NIGHT UNDER LIGHTS

Local softball teams took defeats Sunday night under lights at the Nichols Park diamond when the Engleking Girls of Springfield defeated the Dodge Beauty Girls 7 to 4, and the Jerseyville All-Stars nipped out the Jacksonville All-Stars 7 to 6. In a preliminary game between a couple teams of youngsters, the Aces won from the All-Stars 4 to 2.

Bauer allowed the visiting Engleking only three hits, but the hits were coupled with seven Dodge errors. McCarty, Springfield tosser, also allowed only three hits, and her mates gave her almost errorless support.

R. Brickey fanned 11 of the All-Stars while Moody was moving down ten of the Jerseyville team, to get the edge in a pitching duel. Each pitcher allowed six hits.

Extinguish Blaze In Woodson Home

Son, Awakened by Crackling
of Flames, Discovers
Fire in Kitchen

Woodson.—A small fire at the home of J. D. Erixon early yesterday morning was extinguished before any great damage was done.

The son, Roland, was awakened about 2 a. m. and found the top of the kitchen cabinet in flames. He summoned his parents, then grabbed a bucket of water and threw it on the blaze. By the time neighbors began to appear on the scene, the fire was under control. Portions of the wall near the cabinet and a curtain were burned. It is thought that the blaze was started by a mouse nibbling on matches as matches were kept in the cabinet.

Large Land Sale To Be Held Aug. 8

Henderson Farms Will Be
Offered; Demand for Good
Land Increases

The largest single sale of first class Morgan county farm lands which has been held here this year will be staged on August 8th when the Elliott State Bank, acting as the executor of the estate of the late Emma S. Henderson, offers to the highest bidder three well improved farms located conveniently near the city. Besides these farms some timber land will be put up for sale.

The demand for good farm land in this section of the country has been increasing steadily because not only the farmers want to purchase more land, but also city people are seeking to buy up farm real estate for investment purposes.

Centenary Church Notes

A fine audience welcomed Dr. John N. Edwards at his first service at Centenary Sunday morning. Dr. Edwards' message was a great one, the subject was "Above Prosperity" and the text was from Heb. 3-18 "Thy Shepherds slumber, O king of Assyria: thy nobles shall dwell in dust; thy people is scattered upon the mountains, and no man gathereth them" was the text.

In a fine way Dr. Edwards presented the fact that while God, The Infinite often seems to use the powers of evil to accomplish his purpose and while the great aims of life were slow in accomplishment yet above all and over all the powers of justice and righteousness were victors. Those fortunate in hearing this great sermon went to their homes with a greater faith and a stronger desire for righteousness in their own lives and in their own society.

Miss Charlotte Sieber sang with splendid effect "The Silent Voice" by Roma. This with the regular order of worship made the hour's service an inspiring one.

The Mary Melton Missionary Society will hold its regular meeting at the church today at 3 p. m. This will be an important one and will plan to close the year.

During the month of August, Cent-

enary's friends and members will put on a campaign to close the year and "raise the budget." An appeal will be made during this month for money to pay all bills and to plan for a more aggressive year in 1936-37. Last year every item of expense was met before conference. Centenary's members and friends must "raise the budget."

Sunday, August 9, Dr. C. F. Buker, formerly active in the work of the Methodist church in this community, now superintendent of the Old People's Home at Quincy will be the preacher. It is greatly desired to have a large audience hear him. Dr. Buker always brings a worthwhile message. All other services for the day were well attended.

Eight of London's churches contain work of the fourteenth and fifteenth centuries.

Lukeman Beaten In National; Hamm Is Winner By Default

Play First Round Matches of Culver Military Academy National Tourney

Elmer Lukeman was defeated in the Culver national junior matches yesterday by Walter Bugg, San Diego, 6-2, 6-4. Bob Hamm won by default from Ed Lowrance, Memphis, Tennessee.

Culver, Ind., Aug. 3.—(AP)—Seeded players in both divisions raced through their matches as expected today in the opening of the national junior and boys tennis tournament on the courts of the Culver Military Academy.

Joe Hunt of Los Angeles, runner-up last year and seeded first in this year's tournament, drew a first round bye and then romped through his second round match by whipping Hamilton Frost of Nashville, Tenn., 6-1, 7-5.

Don McNeill of Oklahoma City, seeded second, secured an easier win over Delbert Brannon of Evansville, Ill., 6-1, 6-2. Other favorites to win their early matches were Isadore Bellis of Philadelphia, national boys' champion last year; Russell Bodditt of Atlanta; Julius Heidman of Hollywood, Calif.; Melvin Lapman of New York; Seymour Greenberg of Chicago and Morey Lewis of Tearkana, Ark.

William Unsiedter of Milburn, N. J., favorite in the boys' division and Larry Deo of San Francisco won their first matches easily.

In first round junior matches Robert Hamm, Jacksonville, Ill., won by default from Ed Lowrance, Memphis, Tenn. Walter Bugg, San Diego, defeated Elmer Lukeman, Jacksonville, 6-2, 6-4.

Gridder Greeted

Eleven grid greets of 1935, employed by the movies to take featured parts in a coming football production, were welcomed with open arms by Hollywood when they arrived in that cinema city. Here is one of the stars, Erwin "King Kong" Klein, former New York University ace, who found himself in the arms of Barbara Pepper when he stepped off the train.

FRED GERMAN TALKS ON USE OF RUBBER

"Just as history-making events go, almost unnoticed when they are contemporary so have we little noticed the gradual evolution resulting in a nation riding on rubber wherever you turn," said Fred German, Pres. German Motor Co., Inc., Goodyear's dealer in Jacksonville.

"Naturally, you cannot escape observing the automobiles, buses and trailers you see on every street and highway but rubber tires are just as firmly entrenched in other forms of industry and endeavor," he continued. "There is the gasoline bus, the trolley bus, airplane tires, tires on wheelbarrows and on all forms of road machinery."

"Perhaps the latest field to be conquered by rubber is farming. The Goodyear organization has spent much time in practical research developing a complete line of tires designed to increase the efficiency and longevity of farm implements. That such a need was felt is shown by the enthusiastic acceptance of these tires."

"Rubber is not being used alone on the lighter farm equipment but is being adopted enthusiastically by the tractor manufacturers. Farmers and manufacturers alike have adopted the tractor tire because of its improved performance."

"By leaps and bounds," Mr. German concluded, "rubber is fast springing into every form of industrial, farm and domestic activity."

Mr. and Mrs. J. B. Bridgman were included in the number of callers in the city yesterday from Bluffs.

Homer Marshall of the White Hall community was a business visitor in the city yesterday.

BUSINESS OF FORMER MURRAYVILLE MAN SHOWS PROGRESS

Mrs. Lavinia C. Early who is making her home with her daughter Mrs. James Bryant 313 N. Church St., has received a letter from her son, Grover C. Early president and manager of Inland Motor Freight of Spokane, Wash., telling her that he had moved in the new Depot that has been built recently, which is one of the truck terminals in the north west.

The following appeared in a recent Spokane paper:

"From a start with two trucks a few years ago to the present operation of 84 trucks and 33 trailers is a summary of the career of the Inland Motor Freight, celebrating tomorrow and Saturday the opening of its new terminal at Second and Sheridan street, a plant costing about \$80,000.

Our truck line was the first to be operated out of Spokane said President G. C. Early. Our investment in 1918 when the operation was started was approximately \$5000; now it is \$417,540, exclusive of franchises and good will. Last year we handled 164,506,000 pounds of freight.

"Gross business has expanded year by year. It was \$340,517 in 1931 and last year it stood at \$764,395."

Mr. Early's former home was near Murrayville and he attended school there and Brown's Business College in Jacksonville.

BROOM DISGUISES THIEF IN GETAWAY

Goes Down in Elevator as "Sweeper"

Chicago.—(P)—A police detail started from the Damen Avenue station with 11 prisoners to be lodged at the detective bureau. Arriving at the bureau, they counted noses and found themselves short one Walter Brown, 32, negro held on a theft charge.

The officers dashed to the elevator. Yes, the operator had taken down a negro. The negro carried a broom. The operator thought he was one of the regular building sweepers.

The policemen found the broom. They didn't find Brown.

C. B. MANBECK DEAD

Alton, Ill.—(P)—C. B. Manbeck, 67, manager of the Wood-River refinery of the Standard Oil Company until his retirement several years ago, died in a hospital here last night following a stroke of paralysis suffered Saturday.

HURT IN CRASH

Litchfield, Ill.—(P)—Mr. and Mrs. Clifford Roberts of Hillsboro, Ill., and their two daughters, Dorothy, 19, and Anna Marie, 14, suffered severe injuries yesterday when their car was struck by a north-bound Illinois Central freight train at a street crossing here.

All were taken to a hospital, where it was said they would recover.

Henry Bergschneider of the Alexander community was a business visitor in the city yesterday.

Zioncheck Will Not Run for Reelection

Says His Mother's Health is Deciding Factor

Seattle, Wash.—(P)—"Beat Zioncheck," the favorite plank of nine of Congressman Marion A. Zioncheck's political opponents, meant nothing in the Washington political fight today.

The Democratic incumbent brought the five Democratic and four Republican candidates opposing the playboy congressman up short by announcing he was not seeking reelection because of his mother's illness.

All assailed Zioncheck's recent Washington, New York and other misadventures in their campaign.

DENY PETITION TO MAKE SURCHARGES ON R.R. PERMANENT

Washington.—(P)—The Interstate Commerce commission today denied a petition by Class 1 railroads seeking to make permanent emergency freight surcharges scheduled to expire Dec. 1.

The surcharges, which railroads estimate provide about \$104,000,000 of additional revenue annually, originally were scheduled to expire July 1, but the roads procured a six-month extension.

In their petition, the major carriers of the United States asked authority to translate the emergency rates into permanent charges through filing permanent rate schedules.

This commission denied, leaving the roads the recourse of petitioning for reconsideration or of asking individual increases in specific rates, each of which would be subject to investigation by the commission.

In requesting permission to make the entire surcharge rate structure permanent, the carriers contended such rates would be "just and reasonable," that "industry and traffic can bear them without harm, and that their application has not and will not result in any material loss of traffic."

Henry Rolf, Scott County Commissioner, Dies Result Of Mishap

Henry Rolf, 59, prominent Oxville business man and commissioner of Scott county, passed away at Passavant Hospital at 1:10 p. m., Monday, from injuries received when the automobile he was driving and a truck driven by Ellsworth Pires of Jacksonville, collided at the Ebaugh corner, north of Winchester, about 8 o'clock on the morning of July 29.

Coroner E. O. Sample summoned a jury and an inquest was held at the hospital at 4 o'clock, the jury reaching a verdict shortly before seven o'clock last night, finding that Ellsworth Pires driver of the truck "was negligent in his driving."

Dr. F. A. Norris and Dr. Paul Hartley conducted a post-mortem examination following which Dr. Norris gave his opinion of death as "shock, the result of a ruptured spleen, the fracture of the sixth, seventh, eighth and ninth ribs, the result of external violence."

The members of the jury were: Charles Strommatt, foreman; Frank Loneragan, Gilbert Todd, T. A. Winsor, A. A. Garner and J. R. Large. Edgar Smith of Winchester, highway maintenance man on Route 36, was the second witness. Mr. Smith said that while he never saw the accident he appeared on the scene shortly after it happened. He testified that he found Mr. Rolf sitting on the gravel road while his car was against a hedge fence to the north side of the road. He stated that the accident happened at the Ebaugh corner where the Exeter gravel road enters Route 36. Mr. Smith said he understood that Mr. Rolf was going toward Oxville when his car and a truck loaded with gravel driven by Ellsworth Pires collided. Pires was approaching Route 36, enroute to a road near the Point church, several miles east of the scene of the accident.

Machines Damaged. Smith testified that both the truck and automobile were damaged. He said Mr. Rolf's car was 150 feet west of the hard road and that the truck was about 175 feet away in a field. Smith said there is a stop sign at the approach to Route 36. Smith testified that from tracks in the gravel and marks in the grass it appeared that Rolf was several feet to the right of the road. He said

Girl Suffers Burns In Gasoline Blaze

Annie Wood Is Burned In Face While Attempting To Start Fire

Annie Wood, 13 year old daughter of Mr. and Mrs. Jesse C. Wood of South Fayette street, suffered first degree burns about the face yesterday afternoon at 1 o'clock, as she attempted to start a fire with a quart of gasoline.

She was taken immediately to the office of Dr. F. M. Roberts who treated the skin about the eyebrows, forehead and nose. About two-thirds of the surface of the face was injured, but will not prove to be serious unless some of the vapors of the fire entered the lungs.

The girl was returned to her home.

SWIFT AND COMPANY ANNOUNCES VACATIONS

Formal announcement was made Monday of the inclusion of employees of the local dairy and poultry plant of Swift & Company in the vacation plan of that company.

Under the instructions received by Manager H. H. Green, all male hourly and piecework employees who will have completed four years of continuous service by October 1, and all female hourly and piecework employees who will have completed three years of continuous service by that date will receive one week's vacation with pay. Vacations of two weeks with pay will be granted to all hourly and piecework employees who will have completed 10 years of continuous service of October 1.

"Swift & Company is one of comparatively few businesses in the United States which grants vacations with pay to hourly and piecework employees," said Mr. Green. "We are highly gratified that we are included in the plan, which will affect quite a few of our employees."

Local Club Members Compete in Field of 108 Teams At University

The Kinman 4-H Club Judging team, competing in a field of 108 teams from 64 counties in Illinois, placed tenth in the state livestock judging contest held at the University of Illinois yesterday. The Kinman team is made up of Harold Fitzsimmons, Kenneth Stocker, Charles McGinnis, and led by William Hadden.

Harold Fitzsimmons walked away with individual honors by taking sixth place in the state.

Fat stock—cattle, horses, sheep and hogs—were judged in a contest, and some breeding stock was included.

The victory by the Kinman team marks the first time a Morgan county team has placed in the state meet held annually at Urbana. First place in the county meet held at Appanola July 30 entitled the Kinman team to enter the state contest.

The Berea 4-H club team, which placed second to the Kinman group in the county meet, was entered in the state meet yesterday, but did not place. The Berea team is composed of Raymond Flynn, Ward Pfeiffer, Roy Smith, and Leader Lester Martin.

Morgan County Farm Advisor W. F. Coolidge accompanied the two teams to the state meet.

New Department Planned in Cass County H. School

To Teach Vocational Agriculture At Arenzville; Other News Notes

Arenzville, Aug. 3.—Plans for the new department for Vocational Agriculture in the Arenzville High School are progressing rapidly. During the past two weeks a number of parents have been interviewed and following is a list of some of the boys who will be some of the two classes in Agriculture when school opens on August 31: Merle Beddingfield, Robert Clark, Percy Hamm, Robert Kircher, Patterson McLain, Lambert Meyer, George Nickel, John Roegge, Leland Schnake, Lloyd Schone, Maurice Smith, Warren Stock, Robert Witte, and Wilbur Zulauf.

This list does not include some who are not yet certain about their plans for the school year and others who have not yet been seen.

The Agricultural work at Arenzville will be similar to that taught in other schools under the Smith-Hughes plan. Those who are enrolled in the course and are carrying supervised home projects will be eligible to compete in district Vocational shows and judging contests. The class-work will deal with practical farm problems of this area and will train those who intend to enter the business of farming after they are through school.

It is hoped that an Advisory Board of parents, farmers, and local business men can soon be appointed for the purpose of making detailed plans for the coming year. Anyone who would like to help by serving on this Advisory Board is asked to see the instructor, Kenneth Flake.
